

Relationships Intelligent Platform

Shareholders Report – December 2020

Dear Shareholder,

1. We have started to see positive change after the demos. Prospects see our value and are willing to pay after the demos, and start a paid trial (we have very few free trials).
2. Clients see the value of opening doors to prospects using their team / corporate relationships as a great alternative to cold prospecting attempts, virtual tradeshows and of course the lack of face-to-face interactions due to COVID-19. They also see the value of customer recommendations for accelerating sales process.
3. We received a request for a new technological partnership.
4. We are looking to find a SaaS reseller with high motivation to work on high commission plan. Any introduction will be appreciated.
5. We continue the fundraising process from a few sources.
6. Attached is our monthly financial report.

Regards,

Doron Herzlich | CEO | Referral-AI.com | [T] (+972) 54-5585818
